Hi, {Name}! This edition of the *Blue Beat* is focused on room selection, the process that provides an opportunity to select your roommates and return to on-campus living for the 2015-2016 academic year.

**Room Selection: Live Here Another Year!**

Room selection is a process for current residents (both Lincoln Park and University Center) who want an opportunity to live on-campus for the next academic year. The room selection process includes the following steps: 1) complete a housing agreement via [Campus Connection](http://go.depaul.edu/roomsel) during March, 2) visit Lincoln Park open house or take a housing tour at the University Center (optional), 3) receive your packet with a room selection appointment time from Housing Services and 4) attend room selection and work with housing staff members to choose a unit for the next academic year.

To get started, review the important dates on the right side column, and visit [http://go.depaul.edu/roomsel](http://go.depaul.edu/roomsel) for periodic updates on the room selection process.

Before you can attend room selection, you must complete a housing agreement via [Campus Connection](http://go.depaul.edu/roomsel). Priority will be given to agreements completed by March 31. During the week of April 6, everyone who completed an agreement will receive a room selection packet and appointment time in their student mailbox. Don’t forget to mark your calendar for the Lincoln Park residence hall open house on April 15 to...
tour on-campus, apartment-style options! Interested in living in the University Center? Explore housing options at the University Center by attending the April 10 tour.

Visit our website to see floor plans and 3D renderings of apartment-style spaces. Most apartments on campus are unique and different from each other. Use these online images for a greater understanding of the diverse options.

Lincoln Park Room Selection

HOW DO I SIGN UP TO RETURN TO CAMPUS?

You should complete a housing agreement during the month of March in order to receive your room selection packet and appointment. We will send you more information, but you’ll want to bring a list of building preferences with you to your appointment. Remember that most available spaces are apartment-style.

WHEN WILL I BE ASSIGNED?

You will choose your room assignment, roommate(s) (if applicable) and dining plan when you attend room selection in April.
Bring The Right ID!

Guests can only be signed in with a DePaul ID or a government issued ID.

![DePaul ID](image1.png) ![Government issued ID](image2.png)

U-Passes, non-DePaul school IDs, photo-debit cards and other IDs cannot be accepted.

Your front desk staff works to ensure that your residence hall is safe at all times. If you are signing in a guest at your front desk, remember that they can only be allowed access by presenting a valid form of photo identification. DePaul IDs and Government-issued photo IDs are acceptable forms of identification; U-Passes, non-DePaul school IDs, photo-debit cards and other IDs cannot be accepted.

Room Selection FAQ

"I might not be available during my room selection appointment time. What should I do?"

1.) You can always come after your appointment time. During room selection days, our professional staff will be present between 10 a.m.- 4 p.m.

2.) You can use the proxy form option. The proxy form will allow you to send a friend to stand in your place. The proxy form (along with other information) will be included with your room selection packet.
Residence Hall Council (RHC) is hard at work on many exciting events for this quarter! Be sure to check out RHC’s upcoming events:

• Blue Demon Week is in full swing. All hall decorations will be judged by Housing and ResEd staff at the conclusion of the spirited week!

• Little Sibs Weekend planning has begun! Save the date for May 8th-10th. Check back soon for more updates!

Visit rhc.depaul.edu for event information, pictures and more.
Technology lounges now exist in Sanctuary, Munroe, Corcoran, Seton, Belden-Racine and McCabe Halls, and the Department of Housing Services is looking at expanding them to additional locations in the future.

The technology lounges feature a large TV and multiple connections which can be connected to students' laptops, tablets and phones. They are great for group projects and have been designed so that residents can gather and collaborate together. Any device with an HDMI port can be connected.

Click here for instructions on how to operate equipment in technology lounges.
