

Adjunct Faculty Hiring Procedures 2016-17

Academic Affairs

Academic Unit Process

Each school/college should have a written *Adjunct Faculty Hiring Process* outline of the unit's process identifying who is responsible for each step in the process. In addition to the HR related steps the process should include:

1. A process that insures that all new adjunct faculty to be hired are processed through the Faculty Opportunities online applicant system. Contact Academic Administration for information about using this applicant system.
2. A specified set of minimum adjunct faculty qualifications (degrees required, experience) and a written dean approval process in order to hire a part time faculty member not meeting those criteria.
3. A process for following the education verification procedures found at this link: [Educational Verification Steps Document](#)
4. A process to receive written approval from a DePaul staff member's primary job supervisor before engaging them as an adjunct faculty member.
5. A "second set of eyes" process to review for accuracy adjunct faculty pay rates in hiring letters and in PeopleSoft before the individual's first paycheck is processed each term. Retain evidence of the review.
6. A process to evaluate active adjunct faculty on a regular basis, terminate those no longer active and then to remove user access to secure drives and folders for those not active.
7. A process to ensure that adjunct faculty receive the appropriate unit specific on-boarding materials and orientation.

Adjunct Faculty Hire Letter Parameters

1. All adjunct faculty should receive a hiring letter from the school/college. Ideally they receive a hiring letter for each quarter but a minimum of once each year if hiring commitments are made on an annual basis. A letter template is provided by Academic Affairs.
2. All unit adjunct faculty hiring letters should include this sentence:

Please review the attached Adjunct Faculty Information Sheet, which details DePaul's expectations for its adjunct faculty and is part of this appointment letter. This offer is contingent upon your acceptance of these requirements.

3. All adjunct faculty should receive this Info Sheet every time they receive a hiring letter or quarterly course assignment.
4. Adjunct faculty hiring letters may request an acceptance response from the faculty member but should not include an agreement signature on the letter as in a contract.
5. The Adjunct Faculty Info Sheet and Hiring letter template are available at:
