

University Library

Learning Outcomes

Students engaging with library services and attending library workshops, instruction sessions and sponsored events will be able to:

- **Strategize:** Identify gaps in their current knowledge in order to determine the data, evidence and diverse viewpoints needed to support their research and learning goals.
- **Search & Explore:** Demonstrate flexibility and persistence in developing and revising strategies for finding and using a range of resources.
- **Analyze & Evaluate:** Articulate essential attributes of different information sources and apply critical thinking in order to determine the reliability, applicability and responsible use of the resources.
- **Engage & Extend:** Contribute to scholarly conversation at an appropriate level and credit the contributing work of others in their own information production.
