### Notes on data:

- INTL are students who were educated outside of the United States for at least part of their education and are not on an F/J visa.
- All totals are distinct counts, however a student could be double-counted if they are taking both undergraduate and graduate courses or enrolled in multiple colleges.
- While it is not possible to be counted as both an F or INTL student at the same time, it is possible for F students and INTL students to change status within an Academic Year
- INTL students included in all counts, except OPT and J1 Scholars.
- Citizenship not reported may include US citizens, permanent residents, and cases where citizenship was not self-reported by the student (could include undocumented students).
- Drop in 2019-2020 and 2020-2021 numbers may be due to the COVID19 pandemic that started in Spring 2020.
