I have class during my Room Selection appointment

A proxy form will be included in your Room Selection packet. The proxy form allows you to send a trusted friend to make a housing selection for you. You may also come after your official appointment, as staff will be available between 10 a.m. and 4 p.m. on Room Selection days.

I have never seen the campus apartments

Campus apartments offer students a variety of different options. We therefore **highly recommend touring the buildings prior to making your selection**. If you can attend neither the Loop Campus tour on April 6 nor the Lincoln Park tours on April 11 (see dates above), consider our virtual tour.
