

FRIDGE RENTAL RETURNS

All residents who rented a micro-fridge via RHC are responsible for preparing items for return.

Fridges will be picked up from rooms after move-out. To prepare for pickup, do the following:

Micro-Fridges:

- Remove all food.
- Completely defrost at least 24 hours before you move out.
- Thoroughly clean and dry the interior of the fridge, freezer and microwave.

Futons:

- These are purchased, not rented.
- Take all futons and parts with you.
- A disposal fee will be assessed if you leave your futon behind.

Failure to complete the above steps will result in an improper move fee up to \$150, in addition to charges assessed by Bedloft.

If you are staying for summer, your rental contract still ends with spring quarter. DePaul does not offer rentals for the summer term.
