

It's Your Money

Save, Spend or Invest with Your HSA

Your BenefitWallet® Health Savings Account (HSA) is one of the most powerful savings accounts in America. Use it to save, spend or invest for your — and your family's — health care expenses.

How Your HSA Works

Enroll in an HSA-qualified health plan and begin depositing tax-free money¹ into your HSA. Choose to spend it on today's health care expenses² or save and grow it for expenses down the road. Either way, you never pay taxes when using your HSA for qualified health care expenses. Plus, the money is yours and doesn't expire.

Get Started
by enrolling in an HSA-qualified health plan and open your account.

Fund Your Account
by depositing funds into your HSA, ideally through your employer's payroll.

Three Great Ways to Use Your HSA

1

Spend up to 35% Less on Today's Health Care Costs³

Extend the buying power of your income today. Use your HSA to pay for health care expenses for you and your family. Your tax-free savings help you spend up to 35% less on everyday qualified expenses, such as medical, dental and vision care.

2

Save for Your Health Care Safety Net

Perhaps you don't have a lot of health expenses today, but you know your health plan has a big deductible. Unsure how you would pay for a large, unexpected health care expense? Give yourself peace of mind. Build a safety net that rolls over year after year with your HSA.

3

Invest for Your Future and Retirement

Your HSA is the ideal tool to prepare for the \$370,000 needed per couple for out-of-pocket medical expenses in retirement.⁶ Similar to a 401(k) for health care, you can invest \$3,000 per year and watch it potentially grow to help cover your retirement medical expenses.

The more you spend, the more you save.

\$4,300 annual out-of-pocket medical costs for a family⁴

\$2,315 potential annual tax savings on \$4,300 when using an HSA³

Will you be prepared?

\$8,166
Average annual out-of-pocket expenses

\$4,364
Average annual family deductible⁵

Watch your HSA grow.⁷
