**SECTION 8 Rules for Oxygen Equipment, Supplies, and Maintenance**

---

<b>Section 8.2</b>	<b>What is your cost sharing for oxygen benefits? Will it change after 36 months?</b>
--------------------	---

Your cost sharing for Medicare oxygen equipment coverage is 4% of the total cost in-network or 4% of the total cost out-of-network, every month.

After 5 years of enrollment you will begin a new cost-sharing cycle.

If prior to enrolling in Blue Cross Group Medicare Advantage Open Access (PPO) you had made 36 months of rental payment for oxygen equipment coverage, your cost sharing in Blue Cross Group Medicare Advantage Open Access (PPO) is 4% of the total cost in-network or 4% of the total cost out-of-network, every month.

**SECTION 1 Understanding your out-of-pocket costs for covered services**

---

<b>Section 1.2</b>	<b>What is your plan deductible?</b>
--------------------	--------------------------------------

This plan does not have a deductible for medical services.

<b>Section 1.3</b>	<b>What is the most you will pay for covered medical services?</b>
--------------------	--

Because you are enrolled in a Medicare Advantage Plan, there is a limit to how much you have to pay out-of-pocket each year for in-network and out-of-network medical services that are covered by our plan. The most you will have to pay out-of-pocket for covered in-network and out-of-network services is listed below.

- \$1,000 for services you receive from in-network providers
- \$1,000 for services you receive from out-of-network providers

Your combined maximum out-of-pocket amount is \$1,000. This is the most you pay during the calendar year for covered plan services received from both in-network and out-of-network providers. The amounts you pay for deductibles (if your plan has a deductible), copayments, and coinsurance for covered services count toward this combined maximum out-of-pocket amount. The amounts you pay for your plan premiums and for your Part D prescription drugs do not count toward your combined

maximum out-of-pocket amount for medical services. In addition, amounts you pay for some services, such as supplemental benefits and non-Medicare Part D drugs do not count toward your combined maximum out-of-pocket amount. If you have paid \$1,000 for covered services, you will have 100% coverage and will not have any out-of-pocket costs for the rest of the year for covered services. However, you must continue to pay your plan premium and the Medicare Part B premium (unless your Part B premium is paid for you by Medicaid or another third party).

**SECTION 2 Use the *Medical Benefits Chart* to find out what is covered and how much you will pay**

**SECTION 3 What services are not covered by the plan?**

**Section 3.1 Services we do *not* cover (exclusions)**

This section tells you what services are "excluded" from Medicare coverage and therefore, are not covered by this plan. If a service is "excluded," it means that this plan doesn't cover the service.

The chart below lists services and items that either are not covered under any condition or are covered only under specific conditions.

If you get services that are excluded (not covered), you must pay for them yourself, except under the specific conditions listed below. Even if you receive the excluded services at an emergency facility, the excluded services are still not covered and our plan will not pay for them.

The only exception we will pay is if the service is appealed and decided: upon appeal to be a medical service that we should have paid for or covered because of your specific situation. (For information about appealing a decision we have made to not

**Chapter 6. What you pay for your Part D prescription drugs**

---

**SECTION 2 What you pay for a drug depends on which "drug payment stage" you are in when you get the drug**

---

<b>Section 2.1 What are the drug payment stages for Blue Cross Group Medicare Advantage Open Access (PPO) members?</b>
--

There are four "drug payment stages" for your prescription drug coverage under Blue Cross Group Medicare Advantage Open Access (PPO). How much you pay depends on what stage you are in when you get a prescription filled or refilled. Details of each stage are in Sections 4 through 7 of this chapter. The stages are:

**Stage 1: Yearly Deductible Stage**

**Stage 2: Initial Coverage Stage**

**Stage 3: Coverage Gap Stage**

**Stage 4: Catastrophic Coverage Stage**

---

**SECTION 4 What you pay for a drug depends on which "drug payment stage" you are in when you get the drug**

---

There is no deductible for Blue Cross Group Medicare Advantage Open Access (PPO). You begin in the Initial Coverage Stage when you fill your first prescription of the year. See Section 5 for information about your coverage in the Initial Coverage Stage.

---

**SECTION 5 During the Initial Coverage Stage, the plan pays its share of your drug costs and you pay your share**

---

<b>Section 5.2 A table that shows your costs for a <i>one-month</i> supply of a drug</b>
--

During the Initial Coverage Stage, your share of the cost of a covered drug will be either a copayment or coinsurance.

As shown in the table below, the amount of the copayment or coinsurance depends on which cost-sharing tier.

**Blue Cross Group Medicare Advantage Open Access (PPO)<sup>SM</sup>**

**Your share of the cost when you get a *one-month* supply of a covered Part D prescription drug:**

<b>Tier</b>	<b>Retail cost sharing (in-network)</b> (up to a 30-day supply)	<b>Mail-order cost sharing</b> (up to a 30-day supply)	<b>Long-term care (LTC) cost sharing</b> (up to a 31-day supply)	<b>Out-of-network cost sharing</b> (Coverage is limited to certain situations; see the <i>Evidence of Coverage</i> Chapter 5 for details.) **Section 5.4 A table that shows your costs for a *long-term* (up to a 90-day) supply of a drug**

For some drugs, you can get a long-term supply (also called an "extended supply"). A long-term supply is up to a 90-day supply.

**Blue Cross Group Medicare Advantage Open Access (PPO)<sup>SM</sup>**

The table below shows what you pay when you get a long-term supply of a drug.

**Your share of the cost when you get a *long-term* supply of a covered Part D prescription drug:**

<b>Tier</b>	<b>Retail cost sharing (in-network) (up to a 90-day supply)</b>	<b>Mail-order cost sharing (up to a 90-day supply)</b>
<b>Cost-Sharing Tier 1</b> (Preferred Generic)	20% (\$30 min; \$300 max)	\$25
<b>Cost-Sharing Tier 2</b> (Generic)	20% (\$30 min; \$300 max)	\$25
<b>Cost-Sharing Tier 3</b> (Preferred Brand)	20% (\$30 min; \$300 max)	\$60
<b>Cost-Sharing Tier 4</b> (Non-Preferred Drug)	20% (\$30 min; \$300 max)	\$100
<b>Cost-Sharing Tier 5</b> (Specialty)	20% (\$30 min; \$300 max)	20%

**Section 5.5 You stay in the Initial Coverage Stage until your total drug costs for the year reach \$4,660**

You stay in the Initial Coverage Stage until the total amount for the prescription drugs you have filled reaches the **\$4,660 limit for the Initial Coverage Stage**.

The Part D EOB that you receive will help you keep track of how much you, the plan, and any third parties, have spent on your behalf for your drugs during the year. Many people do not reach the \$4,660 limit in a year.

We will let you know if you reach this amount. If you do reach this amount, you will leave the Initial Coverage Stage and move on to the Coverage Gap Stage. See Section 1.3 of the EOC on how Medicare calculates your out-of-pocket costs.

**SECTION 6 Costs in the Coverage Gap Stage**

The tables below show what you pay for prescription drugs during the Coverage Gap Stage.

<b>Coverage Gap Stage Tier</b>	<b>Retail cost sharing (in-network) (30-day supply)</b>	<b>Retail cost sharing (in-network) (90-day supply)</b>

Medicare has rules about what counts and what does not count toward your out-of-pocket costs (Section 1.3).

**SECTION 7 During the Catastrophic Coverage Stage, the plan pays most of the cost for your drugs**

You enter the Catastrophic Coverage Stage when your out-of-pocket costs have reached the \$1,000 limit for the calendar year. Once you are in the Catastrophic Coverage Stage, you will stay in this payment stage until the end of the calendar year.

During this stage, the plan will pay most of the cost for your drugs. You will pay:

During this stage, once you meet the out-of-pocket max, **you pay \$0 for the cost** of your drugs for the remainder of the calendar year (through December 31, 2023).

Cost sharing during the Catastrophic Coverage Stage for non-Medicare Part D drugs is the same as during the Initial Coverage Stage.

Out-of-network/non-contracted providers are under no obligation to treat Blue Cross and Blue Shield of Illinois members, except in emergency situations. Please call our Customer Service number or see your *Evidence of Coverage* for more information on how to find an out-of-network provider.

PPO plans provided by Blue Cross and Blue Shield of Illinois, a Division of Health Care Service Corporation, a Mutual Legal Reserve Company (HCSC), an Independent Licensee of the Blue Cross and Blue Shield Association. HCSC is a Medicare Advantage organization with a Medicare contract. Enrollment in HCSC’s plans depends on contract renewal.
