

Your health plan covers trips to the doctor

Prime Therapeutics (Prime) helps you get the medicines your doctor prescribes. Prime is the pharmacy benefit manager trusted by your health plan.

Save time (and possibly money) with home delivery

- Get up to a 90-day supply of your long-term medicines from AllianceRx Walgreens Prime.
- Standard shipping is free anywhere in the United States.
- Learn more at alliancexwp.com/home-delivery.

Use a retail pharmacy

- Prime offers a large national network of pharmacies where you can use your pharmacy benefits. If you use a pharmacy that's not in your network, you could pay more.
- Find network pharmacies at MyPrime.com.

We make managing your medicines easier and more affordable.

Trust our experienced specialty pharmacy

- AllianceRx Walgreens Prime offers a full-service specialty pharmacy.
- AllianceRx Walgreens Prime's experienced pharmacists and dedicated staff focus on providing education and support to members living with chronic or complex health conditions.
- Call **877.627.6337** to learn more.

You have better things to worry about than managing your medicines.

Fortunately, we don't.

At Prime, we have one purpose:
We help people get the medicine they need to feel better and live well.

About Prime Therapeutics

We are trusted by your health plan to help you get the medicine you need to feel better and live well. Our pharmacy experts are working hard to make your medicine more affordable and your experience easier.

A guide to your pharmacy benefits

14007129

Welcome

→ Make the most of your pharmacy benefits.
Keep reading to learn how.

You may need medicine for a very short time to treat something like an infection.
Or you may need medicine for a longer time to treat a condition like diabetes. Either way,
we strive to keep getting your medicines simple and make them more affordable.

How your pharmacy benefits work

Visit **MyPrime.com** to check the list of medicines covered under your pharmacy benefits (called a **drug list**). Doctors and pharmacists have carefully selected the generic and brand-name drugs on the list. Drugs that aren't on this list may cost you more.

For covered medicines, the amount you pay is called your **copay**, or cost share. Your pharmacy benefit plan pays the rest. Your plan may also have a **deductible**, which is the amount you must pay before your plan begins to pay.

You could save money

AllianceRx Walgreens Prime can help you learn about generic drugs that can cost you up to **85 percent less**.¹ Generic drugs are lower-cost versions of a brand-name drug. They work the same as the brand-name drug in safety, strength and effectiveness. Ask your doctor or pharmacist if a generic may be right for you.

Set your preferences at MyPrime.com

Help us keep in touch with you. Register at **MyPrime.com** and set your communication preferences so we can contact you in your preferred way. Once you register, you can look up covered medicines, get an estimate of how much they'll cost and do much more.

Member support

Call the number on the back of your member ID card if you have any questions.

→ Put **MyPrime.com** to work for you

All you need to register at **MyPrime.com** is your member ID card and a few clicks. Once you've registered, you can set your communication preferences, see your benefits and access tools to:

Find medicines

Look up different drugs to see if your plan covers them. You can see prices and find out if there's a generic version to help save you up to 85 percent.

→ If your medicine isn't covered, talk to your doctor. You may be able to switch to a medicine that's on the drug list.

Find pharmacies

One way we help make your medicines more affordable is by working with certain pharmacies to lower prices for you. These pharmacies make up your plan's pharmacy network. Search by pharmacy name, your location and more.

View prescription history

See your prescription drug claims history, including the medicine, fill date and what you paid. You can easily print your history for your doctor to review.

MyPrime.com is designed to work on your computer, tablet or phone — wherever and whenever you need it.
