• This change will improve the retiree experience when making medical insurance payments
  – You will now have more options for how to make a payment
  – You will no longer have a delay in the processing of your payments

• By the end of May, you will receive an invoice directly from Health Equity on where and how to send a payment.
  – If you have already paid for premiums for June 2021 and beyond, the information has been provided to HealthEquity
  – For questions on your account HealthEquity can be reached at 1-877-722-2667

• This change will not impact retirees on Medicare Advantage and they should continue to send payments to Blue Cross Blue Shield.
