

# EMBRACE THE TRANSITION.

YOUR GUIDE TO ORIENTATION

# YOU BELONG HERE.

## **WELCOME TO THE NEXT STEP ON YOUR PATH TO SUCCESS.**

We recognize that as a transfer or adult student, you may have attended orientation at another institution, but making the transition to a new university often leads to different questions. We are excited that you have chosen to continue your education at DePaul University. This guide and our orientation program, Transition DePaul, are intended to help you successfully begin your DePaul experience.

## GET REGISTERED. GET READY. TRANSITION TO DEPAUL.

Transition DePaul is your new student orientation experience. As a transfer or adult student, this orientation includes two mandatory online portions—virtual Transition DePaul and an academic advising appointment. You will register for both through Blue Demon Domain.

During your two-hour virtual Transition DePaul session, you will meet other students and learn about university resources necessary to succeed at DePaul.

In your academic advising appointment, you will meet with an advisor from your college of enrollment. They will review your credits and help you register for courses to start your first quarter as a DePaul student.

Your academic advisor can help you better select classes if your final transcript information has been evaluated before you attend orientation.

Before attending Transition DePaul, check your records in Campus Connect to see if your transcript information has been updated. If your transcript information has not been evaluated, please bring your final transcripts to your orientation academic advising appointment.
