

# Fuel Your Passion Make an Impact

---

Embark on an Unforgettable  
Journey at DePaul

Whether your passions lie in technology, business, the arts, or any number of other fields, DePaul provides paths for you to make a difference.

DEPAUL UNIVERSITY

Our students have partnered with NASA, Fermi Labs, Argonne, Starbucks, and more. Whether you're unlocking the mysteries of the universe with a supercollider or helping local nonprofits improve our cities, DePaul connects you with leaders who make things happen.

Our unique course structure emphasizes an ethical approach to the world. From "Ethics in AI" to "Robot Kinematics," and from "Forensic Accounting" to "Sustainable Urban Development," DePaul's curriculum balances technical know-how with principles and adventure.

"I recently helmed a solo film project in the Amazon rainforest, handling every aspect from writing to directing. Thanks to my DePaul education this film has received acclaim at film festivals."

**Julio Cesar Padilla**  
MFA in Film and TV Directing

# Bringing Change to Life

At DePaul, we focus on making real-world differences. Whether studying green spaces' impact on well-being or wind power's economic benefits, we connect you with experts who drive change. In our Sustainable Urban Development program, you'll leverage city resources, engage with expert speakers, use cutting-edge tech to analyze cities, and gain hands-on experience with NGOs. The opportunities are endless, helping you be the change you want to see.

## DePaul, Chicago and YOU: Limitless Opportunities Together

Imagine stepping out of class into the Art Institute or strolling through Millennium Park, where you can ice skate in winter and enjoy concerts in summer. Network in the country's 3rd largest media market and connect with leaders from Google to the Chicago Board of Trade. Explore diverse neighborhoods offering dining, live music, theaters, and festivals. Whether it's architecture, sports, or the thriving economy, Chicago is full of opportunities. At DePaul, the city is an extension of your campus and a hub for creativity.

## DePaul's Green Campus Initiatives

You care about the world around you, and so do we! DePaul is committed to sustainability, renewable energy, and environmental stewardship across its campuses. We have:

- Installed hundreds of solar panels across campus, generating nearly 100,000 watts and reducing CO2 emissions by 83 tons annually—equivalent to planting 3,000 trees!
- Been recognized by prestigious organizations like The Princeton Review's Guide to Green Colleges!
- Committed to initiatives like composting, using recycled paper, and clean sort recycling, which allows us to recycle over 40% of our waste!

## Popular Programs Include:

Film and Television, Marketing Analysis, Applied Diplomacy, Human Resources, Sustainable Urban Development, Digital Communication and Media Arts, Journalism
