THIS WEEK: STAYING HEALTHY IN THE U.S.

What happens if you get sick or injured while you are in the U.S.? You might not be thinking about this question yet, but it is important that you do!

HEALTH INSURANCE

DePaul University requires that all F-1 students have health insurance, and we partner with [ISO Student Health Insurance](#) to offer affordable health insurance coverage to all international students.

- For information on DePaul's health insurance plan, including enrollment, processing, and why health insurance is important, go here: [Health Insurance](#)
- Watch this [video](#) for information on health insurance in the United States.
- Do you have your own insurance plan? If you want to find out if you are eligible for an insurance waiver, then review the requirements for requesting a waiver on our [website](#).

IMMUNIZATION RECORDS

DePaul requires that every student submit proof that they have been immunized for specific diseases. For more information on required immunizations and the submittal process, go here: [Immunization Requirements](#).

- We strongly recommend that all international students get immunizations in their home country prior to arriving in the U.S. ISO insurance does not cover immunization costs, which can be expensive for you in the U.S.
- We also recommend that you bring a copy of your records with you as backup in case you need to re-submit for any reason.
- For more information about COVID-19 Vaccine Guidance for the upcoming term please go here: [COVID-19 Vaccine](#) & here for international student-specific guidance: [International Student COVID-19 FAQ](#).
