DISCOVER DEPAUL

Quality Education

Teaching and learning are priorities at DePaul. That might seem obvious, but we're the largest private university whose faculty members' priority is teaching. We're also the nation's largest Catholic university—and we're committed to an educational experience that weaves together mind, place, people and heart.

Environment

Set in the heart of Chicago—the 3rd largest city and one of the most vibrant and exciting in the US. Renowned libraries and museums to world-class theater, music and with over 30 local Fortune 500 companies.

Student Centered Approach

Professors who focus on you. More than 97 percent of all classes are taught by faculty members, not teaching assistants, where they will know your name, concerns and goals. The Steans Center for Community-based Service Learning & Community Service Studies develops mutually beneficial relationships with community organizations to engage DePaul students in educational opportunities grounded in Vincentian values of respect for human dignity and the quest for social justice.
