## AT YOUR FINGERTIPS

### STUDENT PORTALS

DePaul students use two web portals to conduct business: Blue Demon Domain and Campus Connect.

#### Blue Demon Domain

Blue Demon Domain is your personal application and next steps portal. You may have set up an account when you were applying to DePaul to check on the status of your application and view your checklist. If you haven't logged in yet, visit [go.depaul.edu/bluedemondomain](https://go.depaul.edu/bluedemondomain) and set up your account. You will find instructions and links to the following next steps to enrollment there.

#### Campus Connect

You recently received a two-part email with instructions on setting up your Campus Connect account. You will be required to use these Campus Connect login credentials to move through some of your next steps. Once you are enrolled at DePaul, you will use this portal for all university transactions and administrative tasks at [campusconnect.depaul.edu](https://campusconnect.depaul.edu).

*Please note: Your Campus Connect login credentials can be used for both portals.*

# VIEWING YOUR TRANSFER CREDITS

As an admitted transfer student, you have a vested interest in understanding how your transfer credits will apply at DePaul. You can see how your prior coursework is applied to your degree using our degree progress report in Campus Connect which you can access through Blue Demon Domain. You also can view an unofficial transcript report to see your prior coursework and external test credit (AP, IB or CLEP).

When reviewing the reports, please keep in mind that these are not final evaluations. You will receive a more finalized transfer credit report during your advising meeting at Transition DePaul on-campus orientation. Your advisor will discuss your transfer credit evaluation with you and assist you in selecting courses for your first term at DePaul.

## Degree Progress Report
