Which social media platforms have you used? Tell us about how you decide what to post.

Being an ambassador requires a great deal of self-motivation and autonomy. Share an example of a project/task/program during which you worked independently and showed initiative.

If hired, you will be helping with social media communications to prospective ELA students. What message would you like to convey to new students?

\*\*\*\*\*Please note that only completed applications will be considered for review.\*\*\*\*\*
