2018 SAFETY AND SECURITY INFORMATION REPORT AND FIRE SAFETY REPORT

This Safety and Security Information Report and Fire Safety Report ("Report") is being provided to you as a part of DePaul University’s commitment to safety and security on its campuses and is in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act ("Clery Act").

DePaul University is an urban, Catholic and Vincentian institution of higher education with two main campuses, both located within the city of Chicago. The Loop Campus is located in the south end of Chicago’s downtown area and includes University Center of Chicago (UCC), which is owned and operated by a third party and shared with Columbia College, Robert Morris College, and Roosevelt University. Five miles to the north is the Lincoln Park Campus (LPC), which has several traditional style residence halls, plus an assortment of independent living style buildings, and six properties that are managed by DePaul’s Office of University Real Estate. DePaul also has a campus located at the Rosalind Franklin University of Medicine and Science. In general, throughout this Report, all references to DePaul include all its campuses. Additional information regarding the campus located at the Rosalind Franklin University of Medicine and Science can also be found in Appendix A.

More than 22,000 students are enrolled at DePaul and about 4,000 faculty and staff are employed by the university.

Reporting of Crimes and Emergencies
This report is prepared by the Public Safety Office and in cooperation with local law enforcement agencies surrounding our main campus and alternate sites, Residential Education and Student Affairs. The Public Safety Office is the unit responsible for security and emergency response at DePaul’s Lincoln Park and Loop campuses. The primary office of the Public Safety Office is located on the Lincoln Park Campus at 2345 N. Sheffield Avenue. A second office is located on the lower level of the 25 E. Jackson building on the Loop Campus. Both offices are open 24 hours a day. The office is staffed by trained, professional public safety officers. DePaul Public Safety Officers do not have arrest powers.

A number of well-marked exterior emergency call boxes are located throughout the Lincoln Park Campus. These emergency call boxes can be used to report a crime, a fire, or any other type of emergency. House telephones are located in the lobbies or public areas of all buildings at both Chicago campuses. For assistance, dial ext. 57777 at the Lincoln Park Campus or ext. 28400 at the Loop Campus. The Public Safety Office has an excellent working relationship with both the Chicago Police and Fire departments where assistance and support can be obtained immediately. DePaul’s Facility Operations personnel can be reached via radio or telephone communications. With certain exceptions relating to sexual violence, DePaul Public Safety Officers will report all felonies and serious misdemeanors which are reported to them or they observe “on view” to the Chicago Police Department (“CPD”) via 911 as soon as possible. For lesser misdemeanors, the victim will be encouraged and assisted by public safety officers to report the crime to the Chicago Police Department. Please take the time to review the complete Crime Reporting and Clery Act Compliance policy on reporting crimes located at policies.depaul.edu.
Confidential Reporting
DePaul University encourages anyone who is the victim or witness to any crime to promptly report the incident to Public Safety. Individuals who report crimes to Public Safety are given the opportunity to decline to provide their name as part of the crime reporting process. Other options for confidential reporting of incidents of sexual and relationship violence are detailed in the Sexual and Relationship Violence Prevention and Response policy. An anonymous hotline and a web intake site are also available as methods of reporting misconduct in situations where a member of the university community fears reprisal, embarrassment, or for other reasons does not feel comfortable utilizing normal reporting channels. DePaul does not recommend that the hotline be used for crime reporting.

Misconduct Reporting Hotline: 877-236-8390
Misconduct Reporting Web Intake Site: www.depaul.ethicspoint.com

Daily Crime Log
A daily crime log is available for review at Lincoln Park and Loop Public Safety offices from 8:00 a.m. to 4:00 p.m. Monday through Friday, excluding holidays. The information in the crime log typically includes the case number, classification, date reported, date occurred, time occurred, general location and disposition of each crime.

Emergency Response and Evacuations
DePaul maintains a Campus Emergency Operations Plan designed to provide guidance and direction to DePaul personnel in the event of an emergency or crisis situation in order to effectively respond to any emergency situation on DePaul property that could cause death, injury, disruption of operations, or physical or environmental damage. This plan is located at emergencyplan.depaul.edu and follows the Campus Security Enhancement Act of 2008 and NIMS (National Incident Management Standards).

The plan breaks down emergencies into three levels:

- Level 1: A minor department or building problem that can be resolved using internal resources. Example: Broken water pipes, faulty locks.
- Level 2: A facilities-focused emergency having little impact on members of the campus community, other than those using the specific area where it occurred. Example: Minor chemical spills, loss of heat or electricity for several hours, a small fire confined to a single room.
- Level 3: A major, potentially catastrophic emergency or imminent threat of such an emergency, impacting a sizeable portion of a campus and/or its surrounding community, which requires a response involving significant assistance from external emergency response agencies. May also be an emergency situation focused on a person or persons (as opposed to only University facilities). Example: Major criminal activity, tornados, flood, major fire, extended power outage, a contagious disease outbreak, significant act of violence, including an active shooter situation, terrorism.

The Executive Emergency Response Team (EERT) is typically involved in level three emergencies and is responsible for high-level management and decision-making (When to close the university, direct additional resources, etc.)

The EERT consists of the following individuals listed in order of rank:

- President
The highest-ranking available member of the EERT shall have the authority to declare a Level 3 emergency.

Since the Public Safety Office is staffed 24 hours per day, the first officer upon the scene of such an emergency has initial responsibility as Incident Commander and will promptly contact the Director of Public Safety or the VP for Facility Operations. The Director of Public Safety or the VP for Facility Operations shall immediately notify the EERT, in order to initiate this Campus Emergency Operations Plan. Until such time as the Director of Public Safety or the Vice President for Facility Operations of the University can be contacted, or the Public Safety on-duty supervisor is otherwise relieved by higher authority or local authorities, the on-duty supervisor will direct all available DePaul resources to provide priority protection for life, safety and preservation of property.

DePaul's Public Information Officer is the Vice President for Public Relations and Communications. The Public Information Officer will coordinate with the Executive Emergency Response Team, Incident Commander, and external media outlets to ensure accurate and timely dissemination of information. As necessary, the Public Information Officer will coordinate with local authorities, federal agencies, and technical specialists, e.g., the National Weather Service or Centers for Disease Control and Prevention, to provide information imperative to resolving a campus emergency.

It is DePaul's policy to involve local authorities when it is determined that a particular campus emergency exceeds the capabilities of DePaul personnel. DePaul will, therefore, seek the assistance of the City of Chicago Police Department, City of Chicago Fire Department and other local agencies on an as needed basis. DePaul will then coordinate with such local agencies and comply with their directives.

Depending upon the nature and time of the emergency, the DePaul community will be alerted as soon as possible through a combination of methods including:

- Primary fire alarm (loud speaker and strobe light)
- Electronic message boards and speakers:
  - Message boards and speakers in all classrooms at the Lincoln Park and Loop campuses
  - Interior speakers in hallways on all floors and exterior speakers at Lincoln Park
- DPU Alert:
  - A notification system that allows for messages to be sent via text, voice, and email in one initiating action to faculty, staff, students, and tenants. To register for this alert, log on to Campus Connect, click the Campus Connect tile, click on the Navigator icon, click Self Service>Campus Personal Information>DPU/Academic Alert
  - Messages posted to DePaul’s primary Facebook, Twitter feed, and on www.depaul.edu
- Email to university community
- Posted notices
The University tests its emergency response and evacuation procedures using a variety of methods including evacuation drills and DPU Alert tests. These may be announced or unannounced. In addition, the university performs table-top exercises every 12-18 months focusing on some portion of the emergency plan such as active shooter response or severe weather incident.

The testing records are maintained by the Assistant Director of Emergency Management.

**Campus Facilities Access, Security and Maintenance—Lincoln Park and Loop Campuses**

Most campus buildings and facilities are accessible to members of the campus community and both guests and visitors during hours of operation, Monday–Friday, and for limited designated hours on Saturday and Sunday. This excludes most holidays.

The exterior doors to student residence halls remain locked 24 hours a day. Unlimited access is available to residents only via a key or card access system. In the traditional residence halls, guests and visitors may gain admission through a staffed central desk. After signing in and providing the desk assistant with a photo I.D. to verify identity, all guests must be escorted by their host/hostess whenever in the residence hall itself. In the independent living style complexes that do not have central desks, guests must be escorted throughout the building by their host/hostess at all times.

Desk personnel can summon immediate help from Public Safety via duress alarm or telephone. All student rooms are equipped with dead bolt locks and all windows have locks. Security screens are installed on any lower level windows that can open enough to allow a person to gain access to a room. Students are advised to keep their doors locked at all times.

Exterior lighting is an important part of this commitment to campus safety and security. Motor vehicle parking lots, pedestrian walkways and building exteriors are well lit. Surveys of exterior lighting on the Lincoln Park Campus and Loop Campus are conducted by public safety officers on an on-going basis. A comprehensive survey of all exterior lighting is conducted by members of both the Public Safety and Facility Operation departments once a year. All members of the campus community are encouraged to report any exterior lighting deficiencies to the Public Safety Office (Lincoln Park ext. 57777 and Loop Campus ext. 28400) or Facility Operations (Lincoln Park ext. 57377, Loop Campus ext. 28682).

Facility Operations regularly inspects campus facilities, promptly makes repairs affecting safety and security and responds to reports of potential safety and security hazards such as broken windows and defective locks.

Exterior doors on Chicago campus buildings are locked and secured each evening by public safety officers. Door and security hardware operating deficiencies are also reported by public safety officers on a daily basis.

Shrubbery, trees and other vegetation on the Lincoln Park Campus are trimmed on a regular basis. Shrubbery does not exceed a height that would afford a hiding place for aggressors. Trees are trimmed so as not to afford concealment.

Residence hall staff members provide 24-hour staffing for all of the campus residence halls. Resident Advisors (RAs) are part-time student employees who report to a Residence Director.
The RA works in a residential community and has specific responsibility for working with students in his/her community. She/he is the primary facilitator for the development of community in his/her specified area. RAs cultivate relationships with students in the residential community through regular contact, quarterly attendance at Residence Hall Council meetings, floor meetings, and duty rounds. They also plan and implement educational and community building opportunities consistent with department requirements and learning outcomes. RAs respond to student issues, provide student conflict resolution, and act on crises as they occur.

Facilities Assistants (FAs) are part-time student employees in the Department of Housing Services who report to Facilities Area Coordinators (FACs). FAs work in a housing area and have day-to-day facility responsibilities for identifying and responding to facility issues and projects. FAs perform daily Community Inspections where they are to look for facility issues in the halls and perform inspections of fire extinguishers, exit lighting, Detex alarms, etc. FAs, in collaboration with RAs, perform Health and Safety Inspections once per quarter and once during the summer. During these inspections, they enter all occupied units on campus to identify any health and/or safety risks in a unit (e.g. a blocked emergency exit). FAs leave notice for residents to correct issues and return for a second inspection. If the issue is not taken care of, FAs will write Incident Reports and escalate issues to supervisors when necessary. FAs are also responsible for assisting in large-scale Housing Services projects such as residence hall openings, closings, and quarterly facility inspections. The FA is a live-in position which requires routine after hours duty coverage in order to respond to issues and emergencies after-hours and on weekends.

**Law Enforcement Authority and Interagency Relationships**

All public safety officers are required to complete a criminal background check through Human Resources. All public safety officers are required to complete the state-approved course of training as provided by Section 28 of the Illinois Private Security Act of 1983 and Section 24-2(6) of the Illinois Criminal code. DePaul public safety officers are not armed. Municipal and state police officers, as defined by the Illinois Criminal Law and Procedure [720 ILC 5/24-2], who are employed as part-time public safety officers, are permitted to carry arms. Public safety officers are not sworn peace officers, nor do they have arrest powers. They detain individuals for the Chicago Police Department.

DePaul’s campuses are located in cities with well-trained, responsive police and fire departments equipped to handle all emergencies. If a major or serious crime occurs at any DePaul campus, the police in that jurisdiction will, once on the scene, take control of the situation. DePaul’s Public Safety Office relies on the Chicago Police Department for assistance in formulating crime prevention techniques and in planning for the future.

DePaul and local law enforcement have a positive working relationship and collaborate in numerous different ways. DePaul University has two memoranda of understanding with the City of Chicago. The first memorandum allows public safety to monitor and transmit on the Chicago Police Department’s zone 4 radio frequency. This allows for immediate communication with the police in an event of an emergency. The second memorandum allows the City of Chicago’s Office of Emergency Management to monitor select exterior cameras at the Loop and Lincoln Park Campuses in the event of an emergency on campus.

**Security Awareness and Crime Prevention Programs**

DePaul’s Public Safety Office adheres to the dictum that it is more prudent to prevent crimes than to react to them after the fact. A primary vehicle for accomplishing this goal is the
university’s Crime Prevention Program. This program is based upon the dual concepts of eliminating or minimizing criminal opportunities whenever possible and encouraging students and employees to be responsible for their own safety and the safety of others. In general, the purpose of these programs is to inform students and employees about campus security procedures and practices, and to encourage students and employees to be responsible for their own security and the security of others. The following is a listing of some of the crime prevention programs and projects implemented by DePaul University at its Chicago campuses. Programs are held periodically and/or as needed. This list is not exhaustive.

**Educational Programs**
1. **New Student Orientation** — Crime prevention presentations accompanied by brochures and other printed material are made available to new students during the summer months.
2. **Residence Hall Security** — Crime prevention presentations accompanied by brochures and other printed material are made available to the residence life community and other on-campus resident students on a requested basis.
3. **Sexual and Relationship Violence Awareness, Education and Prevention**—In cooperation with the Chicago Police Department, sexual and relationship violence education and prevention presentations are made each year to members of the campus community.
4. **Crime Prevention Presentations** — Crime prevention presentations accompanied by brochures and other printed materials are made available to campus groups and organizations such as commuter students, campus departments, athletics, and recognized student organizations.
5. **Self Defense classes** are provided at the Ray Meyer Fitness Center for students, faculty, and staff. The classes provide participants with tools for their empowerment and safety.
6. **Ongoing education, trainings and awareness campaigns** are provided to students throughout the year that include information about sexual and relationship violence, consent, healthy relationships, and bystander intervention. Sexual Assault Awareness Month and Domestic Violence Awareness Months are also observed.

**Crime Prevention Programs**
1. **Escort Program** — On the Lincoln Park Campus, an escort service is provided, from 6 p.m. to 6 a.m., for persons walking from one campus building/parking lot to another campus building/parking lot.
2. **Printed Crime Prevention materials** – Printed crime prevention items related to motor vehicle security, bicycle security, resident hall security, the escort service, employee security and library security are available at crime prevention presentations.
4. **Operation Identification** — The Public Safety Office loans a power engraver for engraving identifying information or owner-recognized numbers on items of value, including bicycles.
5. **Crime Prevention Publicity** — Crime prevention articles and material are published in the student newspaper, sometimes using paid advertising.
6. **Access to Residence Halls** — Access to secured Residence halls is available to residents only via a key or card access system. The exterior doors to student residence halls remain locked 24 hours a day.
7. DePaul has established a Campus Violence Prevention Plan, which includes a Campus Violence Prevention Committee and Campus Threat Assessment Team (Student Care Team). For full details on this plan, please visit:

Electronic and Other Security Systems
1. House Telephones and Emergency Call Boxes — Both interior and exterior emergency communications linked to the Public Safety Office are located throughout the Chicago campuses.
2. Closed Circuit Television Surveillance — CCTV is used in the buildings at the Loop Campus and in buildings, residence halls and parking garages at the Lincoln Park Campus. Exterior cameras are located at select locations at each campus.
3. Electronic Alarm Systems — An electronic monitoring system located at both Chicago campuses monitors a network of intrusion detection, fire alarms and duress alarm systems.
4. University Photo Identification Card — Each DePaul University faculty, staff and student is issued a DePaul University photo identification card. This card is needed to gain access to the residence buildings and parking garages, to purchase food in the cafeterias, to attend university functions and for security purposes.

Timely Warning Safety Alerts
In some instances, Public Safety will issue a timely warning about a crime that has occurred. The purpose of the timely warning is to warn of criminal incidents so that people can protect themselves.

In general, Public Safety will issue timely warnings in the following circumstances:

1. The crime is a Clery-reportable crime, or Public Safety determines that a timely warning is otherwise appropriate;
2. The crime was reported to Public Safety (either directly or through local law enforcement); and
3. There is a serious or continuing threat to the campus community.

For example, if an offender has been apprehended, there may not be a serious or continuing threat to the campus community. Similarly, if the crime is reported to Public Safety long after the crime has occurred, there may not be a serious or continuing threat to the campus community.

Timely warnings will be issued as soon as pertinent information is available in order to make a decision as to whether issuing at timely warning is appropriate.

Timely warnings may be distributed in a variety of ways including via posting on buildings, posting on the Public Safety website, or email. Timely warnings are also posted on the Public Safety website. The underlying principle in distributing timely warnings is to distribute the relevant information to the appropriate people quickly and effectively.

Decisions about whether to issue a timely warning, the information to include in a timely warning, and the form in which a timely warning will be issued, will be made on a case-by-case basis by Public Safety, in light of the relevant circumstances.
**Crime Reporting/Campus Security Authorities**

DePaul University community members are strongly encouraged to immediately report criminal activity and suspicious person(s) to the DePaul Public Safety Office. To further encourage the timely reporting of crimes on campus, certain faculty and staff members are designated as campus security authorities (CSA), as defined by the Clery Act. Some examples of CSAs could include Public Safety officers, deans, directors, department heads, athletic coaches, student organization advisors, resident hall staff and student affairs staff. A letter is sent annually to individuals identified as CSAs reminding them of their responsibilities. Public Safety also conducts annual trainings for CSAs. All crimes reported to CSAs will be reported to Public Safety in a timely manner. Professional and pastoral counselors are not specifically encouraged to inform those they counsel of procedures for reporting crimes voluntarily and confidentiality for inclusion in the Annual Security Report, although counselors may choose to do so at their discretion. Please take the time to review the complete Crime Reporting policy located at [policies.depaul.edu](http://policies.depaul.edu/).

The Illinois Abused and Neglected Child Reporting Act (325 ILCS 5) mandates that all university personnel who have reasonable cause to believe that a child under the age of 18 known to them in their professional or official capacity may have been subjected to physical or sexual abuse, or is being deprived of the proper or necessary care are required by law to immediately report such mistreatment to the Illinois Department of Children and Family Services (“DCFS”) by calling DCFS’ child abuse hotline at 1-800-25-ABUSE. Employees who report an incident to DCFS may also be required to report the matter to Public Safety pursuant to DePaul’s other crime reporting guidelines. However, mandated reporters are individually responsible for ensuring that certain conduct is reported directly to DCFS and reporting this conduct to DePaul Public Safety alone will not fulfill this legal obligation. Questions regarding the requirements of being a mandated reporter or whether a particular situation must be reported to DCFS and/or Public Safety should be directed to Public Safety.

DePaul does not have any recognized student organizations with off-campus locations.

**Missing Student Policy**

Any member of the University community who believes that a student is a Missing Student should immediately contact DePaul Public Safety at (773) 325-7777. A "Missing Student" is a student who has been reported absent from the University for 24 hours or more without any known reason. Any other DePaul office that receives a report of a Missing Student (for example: the Dean of Students Office, Residential Education, College/School offices, etc.) must immediately refer that report to Public Safety.

Public Safety will promptly investigate all reports of Missing Students to determine the validity of the report. If the report of a Missing Student is validated, the designated DePaul office will, within 24 hours of receiving the initial report:

1. Notify local law enforcement that the student is a Missing Student.
2. If the Missing Student has designated emergency contact(s), including an additional emergency contact specifically related to being a Missing Student, attempt to notify the Missing Student's emergency contact(s) that the student is a Missing Student. Students are responsible for updating all emergency contact information in Campus Connection. All emergency contact information is only available to authorized DePaul
personnel, and will only be released for approved purposes, such as to law enforcement in furtherance of a missing person investigation.

3. If the Missing Student is under 18 and is not emancipated, attempt to notify the student's parent/guardian that the student is a Missing Student.

**Procedures Regarding Missing Students**

Public Safety is responsible for communicating all validated reports of Missing Students to local law enforcement within 24 hours of receiving the initial report.

Public Safety will work with Student Affairs regarding all reports of Missing Students. Student Affairs is responsible for communicating with a Missing Student's emergency contact(s) (and if applicable, a Missing Student's parent/guardian) within 24 hours of receiving the initial report.

Students have the option to designate one or more emergency contacts in Campus Connection. This includes designating an additional emergency contact specifically related to being a Missing Student. If a student is a Missing Student, DePaul will notify those emergency contacts specifically designated as emergency contacts for Missing Student situations, and may notify other emergency contacts as well.

In order to make students aware of this policy, including the student's option to designate various emergency contacts in Campus Connection, this policy will be summarized in DePaul's Annual Safety & Security Information Report, in the Undergraduate Student Handbook, and in the Graduate Student Handbook.

**Chicago Transit Authority / Criminal Activity**

Members of the campus community should be vigilant when using the Chicago Transit Authority (CTA), including waiting at bus stops and on platforms, and when riding CTA trains and buses. For example, CTA passengers should stay alert and awake; keep belongings close; and immediately report any suspicious activity by calling 911 or alerting CTA authorities. More information about safety and security on the CTA can be found at [http://www.transitchicago.com/safety/](http://www.transitchicago.com/safety/).

**Neighborhood Burglaries**

Members of the campus community who live in private homes and apartments near campus should take precautions to prevent their homes from being burglarized. This would include, for example, making sure that all locks are secure and functioning properly; making sure that doors and windows are locked at all times; not propping open doors or leaving windows open, particularly when not at home; and making sure that mail and newspapers are collected regularly.

**Crime Statistics**

Campus crime and referral statistics include those incidents reported to DePaul Public Safety, to designated campus officials, and in some instances to local law enforcement agencies. The university believes that an informed public is a safety-conscious public. The following reported statistics, provided in compliance with the Clery Act and covering the period January 1–December 31 for each year, are for your information. If you have any questions, contact the Public Safety Office (773) 325-7777. See Appendix B for the definitions of the following crimes and other incidents.

1. If DePaul was unable to determine whether a particular crime occurred in an area designated as on-campus property, but circumstances indicate that it may have occurred in an area designated as on-campus property, the crime is included in the on-campus column for that campus.
2. All Loop Residential Facilities statistics are from University Center. University Center is managed by a third party and shared with three other institutions. In 2015: the 1 Sex Offense in University Center was not DePaul related; the 2 Aggravated Assaults were not DePaul related; of the 12 Drug Arrests, 2 were DePaul related; and the 2 reports of Domestic Violence were not DePaul related.
3. DePaul’s Rosalind Franklin campus is operated at Rosalind Franklin University. Rosalind Franklin requested 2015 statistics from local law enforcement agencies, but the statistics that were provided were not in a usable format for Clery reporting. As such, public statistics for this campus in the 2015 and 2015 VAWA tables are unavailable.
4. All statistics in the “noncampus” column occurred on property that meets the definition of noncampus property. Many of these noncampus properties are not associated with a particular campus.

The University complies with the Illinois Sex Offender Registration Act (730 ILCS 150), which requires all sex offenders employed by or attending an institution of higher education to register directly with the public safety director or appropriate administrative body of that institution. In compliance with this Act, any student, faculty, or staff member who is required to register as a sex offender in any state must register, in person, as a sex offender with Public Safety within three days of beginning classes or employment at DePaul University. An individual committing such offense after being enrolled in classes or commencing employment with DePaul University must register, in person, in the Public Safety office, within three days of his or her conviction. An individual must notify Public Safety, in person, of any and all changes of employment or enrollment status within three days of such change. Additionally, registration must be renewed each year until the individual’s registration requirement is complete.

Failure to register by any student or employee who is required to do so may result in consequences pursuant to the Code of Student Responsibility, Progressive Discipline, or other University policies as applicable. Individuals registering with DePaul are not required to pay a registration fee.

B. Information Regarding Title IX

1. Notice of Non-Discrimination
Title IX of the Education Amendment of 1972 (commonly known as "Title IX") is a federal law that prohibits sex discrimination on the basis of sex in federally funded education programs and activities. Sex discrimination includes sexual harassment, and sexual and relationship violence.

DePaul does not discriminate on the basis of sex in its educational, extra- and co-curricular, athletic, or other programs or activity, including admissions, or in the context of employment.

DePaul provides institutional processes, remedies and outcomes. Conduct that violates this policy may also constitute criminal conduct under local, state or federal laws. Individuals always have the option to report prohibited conduct to the appropriate law enforcement agencies, or to choose not to make such a report. Reporting to a law enforcement agency will require speaking with law enforcement personnel to describe the circumstances of an alleged crime. As detailed in the Crime Reporting and Clery Act Compliance policy, DePaul will assist an individual with reporting to local law enforcement if requested to do so.

Inquiries or complaints concerning the application of this policy or Title IX generally at DePaul should be referred to the Title IX Coordinator, whose contact information is below. Individuals also have the right to contact the United States Department of Education's Office for Civil Rights.
2. Title IX Coordinator

The purpose of the Working Group is to encourage collaboration and information-sharing across the university regarding DePaul's policies, procedures, programming, training, and messaging. The Working Group will continually review best practices in prevention, awareness, education and response and will contribute to the implementation of such best practices at DePaul.

The Working Group is chaired by the Title IX Coordinator. The Working Group supports the work of the Title IX Coordinator. The Working Group consists of representatives from Faculty Council, Staff Council and Student Government Association, as well as representatives of numerous departments and offices that have a role in addressing prevention and response to sexual and relationship violence.

The Working Group meets at least two times each academic year.

Training regarding sexual and relationship violence is made available to members of the Working Group.

C. Prohibited Conduct

DePaul University strictly prohibits sexual and relationship violence and threats of sexual and relationship violence. Sexual and relationship violence means the specific behaviors detailed below.
Sexual and relationship violence can occur in many different ways, including through physical force, intimidation, manipulation, and coercion. This may include the voluntary or involuntary use of drugs and/or alcohol that renders an individual unable to give consent. Sexual and relationship violence can occur within personal relationships, including those that are intimate, professional, familial, or friendly. In fact, sexual violence involving strangers constitutes only a small percentage of cases. Individuals of any sex, sexual orientation, or gender identity may experience sexual or relationship violence.

An individual who is uncertain about whether their experience meets one of the definitions below is encouraged to consult with the Title IX Coordinator or another reporting resource. In all instances, DePaul encourages reporting of unwelcome conduct whether or not it appears to meet one of the definitions stated below. With this report, DePaul can assist the individual in identifying resources and available courses of action based on the conduct at issue.

**Sex Offense (including Sexual Assault).** Sex Offense means any sexual act directed against another person without consent, including instances where the individual is incapable of giving consent as defined below.

Sexual Offenses include, but are not limited to, rape, forcible sodomy, sexual assault with an object, fondling or kissing without consent, incest, statutory rape, the threat of sexual assault, sexual abuse, or any unwanted physical contact of a sexual nature, that occurs without consent by all the individuals involved. Many sex offenses are also sometimes collectively referred to as sexual assault.

**Sexual Misconduct.** Sexual Misconduct means taking sexual advantage of another person for the benefit of oneself or a third party when consent is not present. This includes, but is not limited to,

- sexual voyeurism or permitting others to witness or observe the sexual or intimate activity of another person;
- indecent or lewd exposure;
- recording any person engaged in sexual or intimate activity in a private space;
- distributing sexual or intimate information, images or recordings about another person; or
- inducing incapacitation in another person with the intent to engage in sexual conduct, regardless of whether prohibited sexual conduct actually occurs.

**Domestic Violence.** Domestic Violence means violence committed by a family or household member. A family or household member includes parents, children, current or former spouses, a person with whom the reporting/affected individual shares a child in common, a person who is cohabitating with or has cohabitated with the reporting/affected individual, and others as defined by Illinois law. Domestic violence can be a single event or a pattern of behavior.

**Dating Violence.** Dating Violence means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the reporting/affected individual (i.e., a relationship which is characterized by the expectation of affection or sexual involvement between the parties); and where the existence of such a relationship shall be determined based on a consideration of factors such as the length of the relationship, the type of relationship, and the
frequency of interaction between the persons involved in the relationship. Dating Violence can be a single event or a pattern of behavior.

Domestic and dating violence can encompass a broad range of behavior, including but not limited to:

- Physical violence or assault;
- Sexual violence;
- Emotional violence;
- Economic abuse;
- Threats;
- Property damage; and
- Violence or threat of violence to one's self, one's sexual or romantic partner, and/or to the family members or friends of the sexual or romantic partner.

Stalking. Stalking means a course of conduct (i.e. two or more acts) directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others; or to suffer substantial emotional distress.

Individuals who would like to obtain more information about how these terms are defined under Illinois law and about laws related to sexual and relationship violence in the State of Illinois can find that information in the Illinois Definitions of Sexual Assault, Stalking, Domestic Violence, and Dating Violence Chart.

D. Consent

At DePaul, consent is defined as unambiguous and freely given agreement to move forward with a specific sexual request, act, or experience. Consent cannot be obtained from individuals who are unable to understand the nature of the activity or give consent due to being asleep, unconscious, underage, or due to having a temporary or permanent mental or physical incapacity, including as a result of drug or alcohol use. Consent is an affirmative act, not a lack of action. Lack of verbal or physical resistance or submission as the result of force, coercion, duress, or threat thereof does not constitute consent. The absence of "no" or "stop" should never be interpreted as implicit consent, if consent is otherwise unclear. An individual's manner of dress does not constitute consent. Consent to past sexual activity or a past sexual relationship does not constitute consent. Consent to engage in sexual activity with one individual does not constitute consent to engage in sexual activity with another individual. Resistance is not required to demonstrate lack of consent. Consent can be withdrawn at any time.

E. Reporting

Individuals who have experienced sexual and relationship violence - whether on-campus or off-campus and whether by a member of the DePaul community or not - are strongly encouraged to report the incident. A report serves as a means of documenting the incident and allows for immediate response by the university. DePaul is committed to offering a secure and supportive environment for individuals who report incidents of sexual and relationship violence to receive resources and consider all available options.

An individual's options for reporting, including for making confidential reports, are detailed below. Reports from third-parties who have not themselves been involved in an instance of
sexual and relationship violence are accepted. Reports from third-parties who are not affiliated with DePaul are accepted. More information about the ways in which DePaul address issues of privacy issues and confidentiality requests with respect to reports made to individuals other than confidential reporting resources is detailed further below. In most circumstances, and except as otherwise detailed below, a report to a confidential reporting resource will not be reported to Public Safety or the Title IX Coordinator and will not begin any further response to the report from DePaul.

4. On-Campus Confidential Reporting Resources

**Office of Health Promotion and Wellness**
Survivor Support Advocates (Confidential Advisors)
773-325-7129
hpw@depaul.edu

Survivor Support Advocates provide support to individuals. This includes students and employees, and includes complainants, potential referred individuals, and others. This support may include informing individuals of their options and available resources and, if requested by the individual, assisting the individual with navigating DePaul or external processes.

Survivor Support Advocates are available for confidential reporting to the extent permissible by law. When providing support to student complainants, Survivor Support Advocates are also acting in the role of a "confidential advisor" pursuant to the Illinois Preventing Sexual Violence in Higher Education Act. In these instances, information reported to Survivor Support Advocates will remain confidential unless (a) the individual consents to the disclosure of the communication in writing; (b) failure to disclose the communication would violate state or federal law; or (c) failure to disclose would result in a clear, imminent risk of serious physical injury to or death of the individual or another person.

On a monthly basis, Survivor Support Advocates will report the number and type of incidents reported exclusively to them to the Title IX Coordinator. In making these reports, care will be taken to avoid reporting personally identifiable information.

All Survivor Support Advocates receive at least 40 hours of training on sexual violence and participate in at least six hours of additional training annually. Survivor Support Advocates also participate in periodic training on University processes related to sexual and relationship violence.

The misconduct reporting hotline is available for anonymous, electronic reporting. Please see the Reporting Misconduct policy for more information.

As further detailed below, all confidential reporting resources will provide the reporting individual with a Sexual and Relationship Violence Information Sheet.

**5. Employee Reporting Responsibilities**

Unless otherwise designated as a confidential reporting resource above, all DePaul faculty, staff, and student employees are required to promptly report to the Title IX Coordinator all incidents of sex discrimination and sexual harassment, including sexual and relationship violence that are reported to them.

The information that must be disclosed to the Title IX Coordinator includes:

- the name of the person who reported the information to the employee;
- the name of the alleged affected individual, if different than the individual reporting;
- the name of the alleged perpetrator (if known),
- the names of others involved; and
- any relevant facts that have been provided, such as date, time, and location.

The employee will also provide the reporting individual with a Sexual and Relationship Violence Information Sheet.

Employees should also:

- Familiarize themselves with these confidential reporting resources.
- Inform the individual disclosing an issue related to sexual or relationship violence of their obligation to report any information shared to the Title IX Coordinator.
- Connect the individual with a confidential resource if the individual wishes to speak to someone confidentially.

Employees may also have other reporting obligations pursuant to other DePaul policies including:

- Crime Reporting and Clery Act Compliance
- Anti-Discrimination and Anti-Harassment
- Reporting Misconduct
- Protection of Minor Children

More information about reporting responsibilities regarding sexual and relationship violence for all DePaul employees and confidential reporting options can be found [here](#).
F. Sexual and Relationship Violence Information Sheet

At the time an individual makes a report of sexual or relationship violence—whether to Public Safety, the Title IX Coordinator, a confidential reporting resource or any other DePaul employee—the individual will be provided with the following information, in writing:

1. A summary of the information in this policy.
2. Information about options for-and, if necessary, how DePaul will provide assistance with-further confidential reporting, reporting to the Title IX Coordinator, reporting to Public Safety, and reporting to local law enforcement (e.g. the Chicago Police Department), if the individual chooses to do so.
3. Information about the possibility of moving forward with internal discipline, including a summary of how the various applicable policies and procedures would apply in different situations.
4. Information about the possible sanctions or remedies that could result from internal discipline.
5. Information about the importance of preserving evidence - for example, avoiding showering, bathing, changing clothes, washing hands, going to the toilet, or brushing teeth; saving clothing in individual paper bags; and not disturbing anything in the area where the incident occurred. Preservation of evidence such as text messages and social media posts is also important. Preserving evidence is important because it may assist in making a determination or may be helpful regarding obtaining orders of protection.
6. Information about rights of reporting individuals and institutional responsibilities regarding institutional "no contact directives" as well as orders of protection (sometimes called "restraining orders"), no contact orders, or similar lawful orders issued by criminal, civil, or tribal courts; and how the university will assist with enforcing any such order as appropriate.
7. Information about options for-and, if necessary, how DePaul will provide assistance with navigating-getting medical treatment, including the availability of medical forensic examinations at no charge, and other on-campus and community resources, including counseling, health services, mental health services, advocacy, financial aid, visa and immigration, law enforcement and legal assistance. This information is also included in the Resource Appendix (Appendix B) to this policy.
8. Information about options for, and available assistance in, changing academic, living, transportation, and working situations, if requested and if reasonably available, on an interim or permanent basis, regardless of whether the individual chooses to further report the incident, or otherwise pursue internal discipline.

For reports received electronically here, this information will be provided within 12 hours.

G. Retaliation

DePaul prohibits retaliation and the threat of retaliation against any person, including complainants, respondents and witnesses, exercising their rights and/or responsibilities in good faith pursuant to this policy, or otherwise participating in any process related to a potential violation of this policy. Claims of retaliation will be investigated and, if substantiated, may constitute a separate policy violation subject to additional discipline or sanctions. More information about DePaul's prohibition against retaliation in the context of discrimination and harassment can be found in the Anti-Discrimination and Anti-Harassment Policy and
Procedures. More information about DePaul's prohibition against retaliation generally can be found in the Non-Retaliation policy.

DePaul University takes good faith complaints of sexual and relationship violence seriously. Individuals who knowingly make false allegations under this policy may be subject to disciplinary action.

H. Prevention and Education Programs

DePaul University provides a variety of educational programming, including prevention and awareness programming, regarding this policy and sexual and relationship violence generally. At a minimum, this programming includes (a) primary prevention programming for all incoming students and new employees, (b) an annual email to the campus community, (c) annual training for all employees, and (d) ongoing awareness campaigns for students and employees.

Together, these primary programs and ongoing awareness campaigns, at a minimum, include the following elements:

1. Information about the definitions of the various aspects of sexual and relationship violence, including consent, under this policy and Illinois law;
2. Information about the requirements of this policy, including DePaul's prohibition on sexual and relationship violence and prohibition of retaliation, and DePaul's obligation to provide a coordinated, prompt, and equitable response to reports of sexual and relationship violence;
3. Information about reporting options, including confidential reporting resources;
4. Information about the effects of trauma;
5. Information about safe and positive options for bystander intervention that may be carried out by an individual to prevent harm or intervene when there is a risk of sexual or relationship violence against another person such as recruiting the help of friends to diffuse a situation; or causing a distraction.
6. Information about risk reduction to recognize warning signs of abusive behavior and how to avoid potential risks such as staying together at parties, checking in, getting your friend to a safe place if they seem too drunk or are acting abnormally.

Programming could occur at employee orientations, at student orientations, as part of General Compliance Training, through electronic communications, and through various other formal and informal avenues. Programming will be coordinated by the Title IX Coordinator in collaboration with other departments and offices as appropriate (e.g., the Office of Health Promotion and Wellness, Compliance & Risk Management, Human Resources, etc.)

**Medical Forensic Examinations**

The following is a list of locations where a medical forensic examination can be completed, often at no cost. Each hospital has a social worker, women's health advocate, and/or domestic violence liaison that can assist those who have experienced sexual or relationship violence.

For survivors of sexual assault, it is recommended that you specify the reason you are requesting an examination, as you should be provided a private room. Many hospitals have Sexual Assault Nurse Examiners (SANE) on staff. SANE nurses have completed special forensic training with sensitivity and knowledge in treating sexual assault survivors while preserving evidence related to an alleged sex crime. Many locations, as specified below, can also provide you with a medical advocate for sexual assault survivors within one hour. These sexual assault advocates are from a local agency, separate from the hospital and police.

Additionally, under the Illinois Crime Victim's Compensation Act, some individuals who have experienced sexual or relationship violence may be eligible for support services and medical reimbursement if the crime is reported within seven (7) days or, in some cases, even longer. Individuals should check with their insurance providers to explore the applicability of this program.

Procedures

DePaul will respond to all reports of sexual and relationship violence in a prompt, fair, and impartial manner. Every report is based on its own facts and circumstances, which can impact the course of response.

The Title IX Coordinator is primarily charged with coordinating responses to sexual and relationship violence. As further detailed below, the Title IX Coordinator will work with other offices to implement responses as appropriate. These responses could include initial assessment; working with law enforcement, if an individual chooses to report to such law enforcement; providing support and resources; investigation; providing interim measures and permanent remedies; and, if applicable, determining policy violations and potential disciplinary response.

A. Initial Assessment

DePaul will make an initial assessment of the reported information and respond to any immediate health or safety concerns raised by the report. Appropriate steps may include implementing reasonably available interim measures to provide for the safety of the individual and the campus community.

B. Options for Response: Confidentiality Requests: Privacy

Some individuals may wish to make a report in order to seek support resources. In all situations, individuals will be offered support, resources and, to the extent reasonable and appropriate, interim measures and permanent remedies.

Some individuals may wish to make a report in order to pursue a disciplinary response.

DePaul will consider a variety of factors when determining an appropriate response to a report. This could include, for example, the impact of conduct on the DePaul community and its members and, to the extent possible, the preferences of the reporting individual, including requests for confidentiality. For example, Public Safety allows for Jane and/or John Doe reports,
which enables an individual to remain anonymous on any Public Safety reports and in other publicly available reporting. However, confidentiality cannot be guaranteed in all circumstances. For example, DePaul has an obligation to provide a safe and nondiscriminatory environment for all members of its community and might have to share information about a report to protect the campus community. Likewise, if an individual chooses to pursue a disciplinary response, DePaul has an obligation to afford the responding individual certain procedural protections including notice and an opportunity to respond.

Where DePaul determines that the action taken is inconsistent with a request, DePaul will inform the affected individual about the chosen course of action.

DePaul is committed to protecting the privacy of all individuals involved in a report of sexual or relationship violence. In responding to any report, including implementing interim measures or permanent remedies, investigation, or disciplinary response, DePaul will take steps to protect the privacy interests of all individuals involved in a manner consistent with the need for a thorough review of the allegation and to the extent required or permitted by law.

**C. Interim Measures and Permanent Remedies**

Regardless of whether a situation involving sexual or relationship violence may result in a policy violation or disciplinary response, and regardless of whether an individual chooses to otherwise report an incident, the Title IX Coordinator will coordinate providing any reasonable and appropriate interim measures and permanent remedies that are requested. Interim measures may be taken prior to the outcome of any investigation.

Interim measures and permanent remedies may include changing academic, living, transportation, and working situations, if requested and if reasonably available, on an interim or permanent basis. Specific examples could include:

- Access to medical or counseling services;
- Imposition of an institutional no-contact directive and related assistance to support that directive;
- Assistance in obtaining a civil protection order;
- Rescheduling exams or assignments;
- A change in class schedule;
- A change in work schedule or job assignment;
- A change in a student's on-campus residence;
- A change of office or work space;
- A voluntary leave of absence;
- Providing an escort between classes, work or other activities; or
- An interim suspension or other restriction pending the outcome of a conduct proceeding.

The Title IX Coordinator will maintain the privacy of any interim measures and permanent remedies to the extent maintaining such privacy does not impair DePaul's ability to provide the interim measure or permanent remedy.

All individuals are encouraged to report concerns about the failure of another individual to abide by any restrictions imposed by an interim measure or permanent remedy so that DePaul can consider taking responsive actions as appropriate.
D. Determining Policy Violations and Potential Disciplinary Response

In instances where a report of sexual or relationship violence indicates that a member of the DePaul community may have violated this policy, all determinations as to policy violations and potential disciplinary response will be made through the existing applicable university policies and processes.

Because a violation of this policy will most often also be a violation of the Anti-Discrimination and Anti-Harassment Policy and Procedures, investigation and, except as otherwise detailed below, determinations as to policy violations, will be primarily managed by the Title IX Coordinator using the procedures detailed in the Anti-Discrimination and Anti-Harassment Policy and Procedures. Determinations as to sanctions and disciplinary consequences are dependent on whether the referred individual is a staff member, student employee, faculty member or student.

Report that a **staff member or student employee** may have violated this policy: A determination as to discipline will be made through the procedures outlined in the Progressive Discipline policy, which includes a list of potential disciplinary sanctions. For student employees, the Student Conduct Process may also apply, as detailed below.

Report that a **faculty member** may have violated this policy: A determination as to discipline will be made through the procedures outlined in the Faculty Handbook, including Chapter Four of the Faculty Handbook, which includes a list of potential disciplinary sanctions.

Report that a **student** may have violated this policy: A determination as to a policy violation and a determination as to sanctions will be addressed through the procedures outlined in the Student Conduct Process. As noted in the Student Conduct Process, the Student Conduct Process may also include a preliminary investigation by another office. As noted above, investigations of allegations of sexual or relationship violence will often be conducted by the Title IX Coordinator or their staff using the procedures detailed in the Anti-Discrimination and Anti-Harassment Policy and Procedures. The range of potential sanctions for students who are found responsible for violating this policy is detailed in the Student Conduct Process. Students should also familiarize themselves with all of the Student Rights in the Student Conduct Process and other provisions of the Student Conduct Process. This includes, for example, the Amnesty/Good Samaritan policy.

To the extent that a potential policy violation of this policy would not violate the Anti-Discrimination and Anti-Harassment Policy and Procedures, the Title IX Coordinator will work with the appropriate offices, including Academic Affairs, other offices in Student Affairs, and Human Resources, to investigate, determine policy violations, and determine sanctions or disciplinary consequences in a prompt, fair, and impartial manner through applicable policies and procedures.

To the extent not already addressed in the above policies and procedures, the process for determining whether a violation of this policy has occurred and for imposing internal discipline involving instances of sexual and relationship violence pursuant to this policy will be prompt, fair and impartial and includes the following procedural aspects:

1. DePaul will take measures to complete any process resulting in a determination as to a policy violation within a reasonable amount of time from the date when a report is
received. DePaul will simultaneously inform the complainant and respondent of the progress of any investigation.

2. All determinations as to whether an individual is or is not in violation of a policy will be based on the standard of "whether it is more likely than not," based on the information available at the time, that the individual is or is not in violation of the policy at issue.

3. Both the reporting individual and the referred student or employee have the opportunity to have an advisor of their choice (including legal counsel) accompany them to any meeting (including hearings) related to making a determination as to whether a policy violation has occurred, or to imposing discipline related to that policy violation. Any individual intending to have an advisor accompany them to a meeting must notify the individual managing the process no later than two business days prior to the meeting (unless a shorter timeframe is deemed feasible by the individual managing the process). The role of the advisor is to act as a support for the student or employee. The advisor does not have a speaking or otherwise active role to play in the process. The university reserves the right to require that any individual select a different advisor if the individual's choice of advisor raises fundamental fairness issues (e.g. there is a conflict of interest with the individual's selected advisor, etc.).

4. The reporting individual and the referred student or employee are simultaneously informed in writing of the outcomes that result from the process, including interim results.

5. The reporting individual and the referred student or employee are simultaneously informed in writing of the possibilities for appealing the decision, if any.

6. The reporting individual and the referred student or employee are simultaneously informed in writing as to any changes in the outcomes from the process.

7. The reporting individual and the referred student or employee are simultaneously informed in writing when the outcomes from the process are final.

Individuals who are charged with implementing investigative and disciplinary processes related to sexual and relationship violence receive annual training on issues related to sexual and relationship violence, and on how to conduct a process that protects safety and promotes accountability.

**Other Resources**

Although the University encourages individuals to utilize the University's internal complaint process to resolve any complaints, use of this process does not prohibit the filing of a complaint with external agencies at any time. Individuals may choose to file a complaint with various external agencies including, but not limited to, the government agencies listed below.

Alcohol
The State of Illinois prohibits the sale, use, distribution, manufacture, or possession of all forms of alcoholic beverages by persons under 21 years of age. Students under 21 years of age may not sell, use, distribute, manufacture, or possess all forms of alcoholic beverages.

Providing or distributing alcohol to individuals under the age of 21 is prohibited.

Students, even those 21 years of age or older, may not possess or consume alcohol in common or non-reserved areas on university premises.

Alcohol consumption that results in behavior that infringes on the rights of others in the community is prohibited.

Alcohol consumption that creates a risk of harm to self, including requiring a transport to the hospital for intoxication, is prohibited. For specific policies regarding alcoholic beverages in the residence halls, please see the Guide to Student Housing.

For specific policies regarding events sponsored by student organizations at which alcohol is served, please see the Student Organization Handbook.

Alcoholic beverages may not be served at events sponsored by student organizations without authorization from the Office of Student Involvement. Unless specific risk management mechanisms are in place, authorization will generally not be given to any student organization that is hosting an event at which students under 21 will, or could be, present. Notification of such authorization will be sent to the student organization itself, the organization’s moderator/advisor, the building director and the Public Safety Office.

DePaul community members owe it to themselves and others to make educated decisions about their use of alcohol.

The University also seeks to educate students about making safe, responsible decisions when it comes to alcohol use. Detailed information about DePaul’s efforts and programming related to alcohol use can be obtained from the Office of Health Promotion and Wellness. Students who have concerns about their alcohol use (or someone else’s) may confidentially contact the Office of Health Promotion and Wellness at any time.

This includes but is not limited to illegal drugs and controlled substances (including marijuana, narcotics, cocaine, heroin, prescription medications, synthetic cannabinoids or other drugs,) and any chemical substantially similar to a controlled substance. Students should be aware that it is unlawful to distribute prescription medication to other students for whom the medication was not prescribed.

Use, possession, manufacturing, or distribution of drug paraphernalia is also prohibited.

The University also seeks to educate students about the use of illegal drugs and controlled substances. Detailed information about DePaul’s efforts and programming can be obtained from the Office of Health Promotion and Wellness. Students who have concerns about their substance
use (or someone else’s) may confidentially contact the Office of Health Promotion and Wellness at any time.

Rosalind Franklin University of Medicine and Science Campus Information

In addition to the information detailed throughout this Report, the following information is important for DePaul students who are located on DePaul's campus at the Rosalind Franklin University of Medicine and Science (RFUMS).

Reporting of Crimes and Emergencies
Individuals at RFUMS may report crimes to local law enforcement (North Chicago Police Department) or RFUMS Campus Safety, which is comprised of non-sworn security officers.

Campus Safety is staffed 24 hours a day and can be reached by dialing 3288 or 0 from any RFUMS campus phone. From an off-campus phone, dial (847) 578-3288. An officer will respond as quickly as possible, assess the situation, and take the appropriate action, including contacting local authorities when necessary. In emergency situations individuals should dial 911 first and speak with North Chicago Police and Fire Dispatchers. RFUMS Campus Safety is automatically alerted anytime a 911 call is made from an RFUMS phone line, and we will respond to the area and/or call the phone number making the call to confirm that an emergency exists. Additionally, to contact RFUMS Campus Safety there are four emergency call poles located outside: in the North Lot (on the drive), in the south lot (by the basketball court), in the parking lot East of Student Housing Bldg. 301, and behind student housing building 201 (next to the pavilion). In addition to crimes any suspicious activity or persons in any of the buildings or outside property should be immediately reported to RFUMS Campus Safety.

Confidential Reporting
It is RFUMS policy that the names of victims and alleged perpetrators of crimes will be kept confidential.

RFUMS also accepts confidential reports at extension 3232 or (847)578-3232 after 6 pm or anytime on the weekends and leave a message. A name does not need to be given in order to make a report.

Reporting to DePaul
RFUMS Campus Safety shares incident reports with DePaul Public Safety. DePaul Public Safety reviews these reports for inclusion in both the Daily Crime Log and the Annual Security Report as appropriate.
Daily Crime Log
As noted above, RFUMS Campus Safety shares incident reports with DePaul Public Safety. As appropriate, incidents from RFUMS may be included in the Daily Crime Log maintained on the DePaul Lincoln Park and Loop campuses. Additionally, RFUMS Campus Safety maintains a Daily Crime Log. The RFUMS Daily Crime Log is available for review at the RFUMS Campus Safety Office during normal working hours or viewing at https://insite.rosalindfranklin.edu/FacAdmSrvs/Security/Documents/CampusSecurityCrimeLog.pdf.

Emergency Response and Evacuations
Individuals at RFUMS are encouraged to immediately report any emergencies or incidents that may threaten the health or safety of others so that appropriate measures can be taken and emergency notifications can be made to the entire RFMUS community. These warnings will be made without delay when RFUMS Campus Safety confirms that an emergency or dangerous situation has occurred or is about to occur on the campus that involves an immediate threat to the health or safety of students or employees, or when notified by local emergency responders.

As soon as RFUMS Campus Safety has confirmed that a significant emergency or dangerous situation exists, it will take into account the safety of the campus community; determine what information to release about the situation; and begin the notification process. The only reason RFUMS Campus Safety would not immediately issue a notification for a confirmed emergency or dangerous situation would be if doing so would compromise efforts to assist a victim; contain the emergency; respond to the emergency; or otherwise mitigate the emergency.

Emergency notifications at RFUMS will be communicated by RFUMS using one or more of the following; mass E-Mail, Text message alerts, Public Address system, outdoor warning system, and/or posting on the RFUMS website. DePaul students and employees assigned at RFUMS are provided an RFUMS email and are emailed the instructions for signing-up for emergency text alerts.

The content of the notifications and warnings as well as follow up messaging will vary depending on the situation and the information needed to be disseminated, so members of the RFUMS community can better protect themselves.

The following table shows the various notification methods and the authority and process in using those methods:
RFUMS has an Emergency Operations Plan which outlines the procedures for many different disasters and emergencies. This manual can be found on the RFUMS Campus Safety intranet site at: https://insite.rosalindfranklin.edu/Fac-AdmSrvs/Security/Pages/Emergency-Management.aspx

RFUMS conducts annual fire drill/emergency evacuation exercises as well as table-top exercises in order to test the Emergency Operations Plan. Three unannounced exercises are conducted annually. These exercises are done at the Main Campus, Student Housing as well as the Health Clinic. During these drills the Evacuation Team, which is comprised of various staff and/or student members, is also tested and they assist in evacuating students and employees from the buildings and/or property. RFUMS Campus Safety has held various other exercises in collaboration with local law enforcement and has provided active shooter information to the entire RFUMS community, including DePaul students and employees assigned at RFUMS.

RFUMS safety radios are programmed to communicate directly with the fire department.

**Campus Facilities Access, Security and Maintenance—RFUMS**
Access to all buildings including student housing is gained using an RFUMS student ID card. DePaul students are provided an RFUMS student ID card. All key access to rooms including on-campus student housing is controlled by RFUMS Campus Safety and only authorized individuals will be issued keys.
RFUMS Maintenance and RFUMS Campus Safety staff as well as RFUMS Facilities staff routinely report lights that are out or other security/safety related needs. When RFUMS is made aware of problem areas that involve the need for more lighting, more camera coverage, increased communication, or greater access restriction, steps will be taken to address these issues.

**Security Awareness and Crime Prevention Programs**
DePaul students and employees assigned at RFUMS are given a handbook which addresses security policies, rules, and regulations and also encourages individuals to be responsible for their own and others safety.

DePaul students at RFUMS are advised of the RFUMS Campus Safety website, which also addresses security issues and policies on the RFUMS campus and are e-mailed the instructions for signing up for emergency text alerts.

DePaul students living in RFUMS student housing are briefed by RFUMS Campus Safety on issues relating to personal safety, security and fire safety.

In addition, RFUMS occasionally e-mails individuals on the RFUMS campus, including DePaul students and employees assigned at RFUMS, after an incident has occurred or a community alert is issued, which also addresses the need for everyone to assist in their own and others safety and security.

RFUMS Campus Safety will continue to share resources that will help everyone assist in making RFUMS a safe and secure environment.

**Timely Warning Safety Alerts**
RFUMS Campus Safety will provide timely warnings to the campus community on certain crimes, that are reported or made known to RFUMS Campus Safety, confirmed (by RFUMS Campus Safety, first responders, medical professionals, or local authorities), and are considered by RFUMS to represent an ongoing or continuing threat to students and employees. These warnings will be communicated by RFUMS Campus Safety, after consulting with external and internal partners to ensure that all relevant information is given and that any law enforcement efforts are not compromised, using one or more of the following; mass E-Mail, text message alerts, Public Address system, outdoor warning system, and/or posting on the RFUMS website. DePaul students and employees assigned at RFUMS are provided an RFUMS email and are emailed the instructions for signing-up for emergency text alerts. These systems will also be tested on a monthly or quarterly basis depending on the system.

Additionally, DePaul Public Safety is notified of any timely warnings issued by RFUMS.
Fire Safety Information—RFUMS

Reporting
Anyone with information about a fire in a student housing building should promptly report it to RFUMS Campus Safety at (847) 578-3288 or at campus.safety@rosalindfranklin.edu.

Description of RFUMS On-Campus Student Housing Fire Safety Systems
RFUMS on-campus housing buildings are equipped with fire protection devices. These devices consist of; individual fire panels in each building that report directly to North Chicago Fire Department, Facilities Management and RFUMS Campus Safety, fire alarm strobes and audible alerts, exit route signage, smoke detectors in all hallways that report to the fire panels, heat activated sprinklers in all apartments (also reported to fire panels), smoke detectors in individual apartments not tied into main fire panels (to minimize false alarms caused by cooking smoke), fire extinguishers in all kitchens, as well as larger fire extinguishers in the hallway mounted and marked cabinets.

RFUMS Student Housing Emergency Evacuation
Fire or medical emergencies: 9-1-1
All emergency 9-1-1 calls will be connected through Campus Safety.
Non-emergency after hour assistance: RFUMS Campus Safety (847) 578-3288
For general concerns or information contact the RFUMS Office of Student Housing during office hours (8:30am to 4:30pm, Monday-Friday) (847) 578-8350

RFUMS Campus Safety will notify residents using the overhead paging system, fire alarms, and/or the e2Campus emergency notification system. DePaul students living in RFUMS on-campus housing are emailed the instructions for signing-up for the e2Campus emergency notification system.

Fire Drills
Unannounced fire drills are held shortly after the start of each school year. All students residing in student housing are encouraged to participate. In addition all fire alarm devices are inspected and tested quarterly. The fire pumps are tested weekly. Any deficiencies found during testing, or any deficiencies discovered at any time, are corrected as soon as possible.

Policies on Portable Electrical Appliances, Smoking and Open Flames
Small appliances within reason are permitted in the apartments. Any appliance causing electrical issues will need to be removed.

Halogen lamps as well as any flammable or explosive materials are prohibited.

Smoking is not permitted in RFUMS Student Housing. Student Housing apartments and all common areas, including but not limited to lobbies, elevators, patios, corridors, stairwells, and study areas, are considered smoke-free environments. A smoking shelter is available behind Apt Building 301 for Student Housing residents and their guests.

Fire Safety Education and Training Programs
During the annual fire drill specific training and guidance is given to students on such things as evacuation routes, where to assemble during a fire alarm, how to use a fire extinguisher and where to go in extreme weather. In addition Community managers are given more specific training as they assist and direct residents once they have evacuated. The Student Housing Handbook and
Contract Book contain specific information regarding fire safety and the universities Emergency Operations Plan also includes fire safety material.

**Plans for Future Improvements in Fire Safety**

There are currently no plans for future fire safety improvements at any student housing facilities.

**Student Housing Emergency Evacuation**
The following procedure outlines the process to evacuate a building in an emergency. The evacuation of any campus housing building requires the teamwork of many departments, professional and student staff, as well as residents.

**Procedures for Students**
• Upon hearing the building alarm, students should immediately leave the building using all possible exits.
• Exits are clearly marked in each housing facility. Students should leave using the most direct and safe route.
• Upon exiting, students should go to their designated building meeting points.

**Procedures for Responding Staff (Buildings with a Front Desk)**
• Upon hearing the fire alarm the desk receptionist should immediately contact his/her supervisor and exit the building remaining at a safe distance from the building entrance until the alarm is cleared.
• The supervisor (lead desk receptionist) is responsible for contacting Public Safety.

For additional information, please contact Housing Services at (773) 325-7196, and/or refer to DePaul University’s Emergency Operations Plan, available at: https://resources.depaul.edu/emergency-plan/Pages/default.aspx

**Procedures for University Center**

*Note: University Center (525 S. State) is owned and operated by a third party. The following information comes from the University Center Building Emergency Plan and Resident Handbook.*

Due to the design of the building, it is rare that a facility-wide evacuation will take place. Instead, alarms will sound that alert residents and staff to the problem. Residents will be notified of specific instructions through the building’s Public Address (PA) System. The Fire Department will notify residents in person or through the PA system if evacuation is necessary. Residents will hear a series of numbers over the PA system during a fire emergency. The numbers indicate to the building staff where the device was activated. The key for those numbers may be found at the entrance to any stairwell on any floor.
University Center follows the R.A.C.E. procedure to initiate the activation of the alarm system in the event of an actual fire or drill.

**Rescue:** Rescue anyone in immediate danger.
**Alarm:** Summon fire department by activating pull station.
**Confine:** Confine the fire by closing doors, windows, and other sources of drafts.
**Extinguish:** If safe to do so, and using the P.A.S.S. procedures, use a portable fire extinguisher to extinguish the fire. Remember, when using a fire extinguisher; never place the fire between yourself and your egress from the area.

Generally, the UC will follow the “Rule of 8” for evacuation (Listen to IC announcements on PA).

- The floor with the emergency relocates 8 floors down.
- The two floors above the emergency relocate 8 floors down.
- The five floors below the emergency relocate 8 floors down.

**Alarm Transmission**
When the fire alarm is activated a signal will be sent to:

- The Chicago Fire Department
- Security
- ADT Alarm Monitoring Company

The staff will then work with Emergency Personnel to ensure that the residents’ safety is maintained. Fire drills are conducted throughout the year to ensure residents and guests are familiar with the fire safety procedures. Fire evacuation maps and instructions are posted in all bedrooms on main door. Failure to evacuate during a fire drill, failure to follow the requests from staff, or an actual fire can be cause for disciplinary action.

University Center does not currently have policies relating to fire safety education or training programs for students and employees.

**Procedures for Properties Managed by DePaul’s Office of University Real Estate**
Residential properties managed by DePaul’s Office of University Real Estate (951 W. Belden, 953 W. Belden, 957 W. Belden, 2246 N. Seminary, 2310 N. Sheffield, 2316 N. Sheffield) are leased privately to DePaul students. As such, these properties do not have evacuation procedures or policies regarding fire safety education and training programs for students and employees.

In the event of a fire, 911 should be contacted immediately, followed by the Managed Property Manager. The Managed Property Manager will contact DePaul Public Safety.

**Fire Drills**
Each Lincoln Park Campus housing facility operated by DePaul Housing Services has one fire evacuation drill within the first month of the fall quarter. Each housing facility drill is conducted and evaluated by the university (Public Safety, Facility Operations and Department of Housing Services) with assistance from the Chicago Fire Department. A written report evaluation is
completed documenting each housing facility, as to performance and deficiencies. Additional random drills may be conducted during the winter and spring quarters.

Dorm Life Fire Safety- Chicago Fire Department Video
https://offices.depaul.edu/public-safety/safety/Pages/dorm-life-fire-safety.aspx
**Fire Safety Education and Training Programs**
The Department of Housing Services provides training to the entire live-in housing staff in August before the school year starts. Student employees from Housing Services and student employees from Residential Education receive several hours of instruction on dorm fire safety. In addition, FAs receive fire extinguisher training (Bullex), which is conducted by DePaul’s Environmental Health and Safety Section. Fire safety procedures are revisited at bi-weekly resident housing meetings throughout the year. Fire safety campaigns are conducted throughout the year with the Chicago Fire Department, promoting off-campus housing fire safety, residence hall fire safety and smoke alarm awareness. These subjects are highlighted during fire safety month (September). The Chicago Fire Department’s Dorm Life Fire Safety video is also on the public safety website for the entire DePaul community to view.

**Plans for Future Improvements in Fire Safety**
There are currently no plans for future fire safety improvements at any student housing facilities. The Office of Facility Operations, in collaboration with others as needed, continually evaluates the fire protection systems in residential facilities towards ensuring they are in compliance with applicable fire codes.
