Gift Acceptance and Processing

Category: Operations
Responsible Department: Advancement
Responsible Officer: Senior Vice President, Advancement
Effective Date: 9/5/2017

Policy Summary
All private donations (gifts) received by any area of the University must be sent to the Office of Advancement for processing within one business day. If a donor expresses an intent to give a gift, the Office of Advancement must be notified within one business day. Some proposed gifts may need to be reviewed prior to acceptance. In such cases, Advancement will convene the Gift Acceptance Committee to determine if the University can accept the gift and, if so, arrange for its proper transmission to the University.

Private Grants and contractual agreements should be administered in accordance with the Administration of Externally Funded Grants and Contracts policy and in coordination with the Office of Research Services (ORS).

Scope
This policy affects the following groups of the University:
- Entire University Community

This policy affects all members of the University Community.

Policy
All private donations (gifts) to the University must be sent to the Office of Advancement within one working day of receipt of the contribution, including original envelopes, attachments and associated documentation. The Office of Advancement will coordinate with the appropriate offices for certain types of gifts, and arrange for the proper transmission of any accepted gifts to the University. Funds will be made available to appropriate departmental accounts per the donor's wishes and applicable law. Donor Relations in the Office of Advancement will oversee the acknowledgment process for all gifts received by the University.

If a donor has expressed an intent to give a non-cash gift (of real or personal property or gift in kind), a gift of securities, a planned gift, or a gift of $250 or more, the Office of Advancement must
be contacted within one business day. As needed, the Gift Acceptance Committee will conduct a review of the proposed contribution to determine whether the University can accept the gift. The internal review ensures the performance of proper due diligence and analysis related to asset valuation, potential liabilities arising from gift acceptance, adherence to applicable legal, regulatory, and tax statutes, and acceptable and practicable donor conditions.

Legal and ethical requirements designed to protect both the donor and DePaul prohibit the University itself from appraising most gifts. Such appraisals are to be conducted by appraisers who are independent from the University. DePaul reserves the right to conduct appraisals for internal accounting or other purposes.

Please see this policy in conjunction with the Administration of Externally Funded Grants and Contracts policy.

For donated works of art, please also see the DePaul Art Museum Collections Accession policy and the Study Collection Development policy.
