Selecting Our Scholars:

- We award scholarships to students who have demonstrated significant unmet financial need and the determination to succeed in college and in life. We recognized that, given life circumstances, a student's academic record may not fully reflect the student's ability to succeed. For this reason, we place greater emphasis on a student's demonstrated determination to succeed than on grades and test scores. If you do not receive the scholarship, you may reapply in future scholarship rounds if you meet the eligibility requirements for that round.
