Thirty Years of Service

Peggy Burke

Vice President's Award

This award is presented in appreciation for extraordinary dedication to supporting and partnering with the Division of Student Affairs.

Awarded to:

Patricia O'Donoghue, *Provost*
Francesca Royster, *Associate Professor, English Department*

Divisional Awards

Innovation Award

This award honors an individual, group or committee whose innovative idea has created positive change for students, the Division of Student Affairs, or the University. In addition, this award strives to celebrate not only the idea itself, but also the impact that the practical application of the idea has made.

Collaboration Award

This award is given to an individual, group or committee for outstanding collaboration with other Student Affairs or University departments.

Outstanding Graduate Student Staff

This award is presented to a graduate student who has gone above and beyond expectations or who made a special, unique or extraordinary effort in an internship or assistantship.

Outstanding New Staff Professional

This award is presented to a staff member, with less than three years of service in the field of Student Affairs, who has demonstrated exemplary performance promoting and addressing the mission of the Division of Student Affairs.

Outstanding Student Affairs Staff Professional

This award is presented to a staff member who has demonstrated exemplary performance promoting and addressing the mission of the Division of Student Affairs.

It is not enough to do good. It must be done well.

—St. Vincent de Paul

the 1990s, the incidence of *S. flexneri* has increased in the United Kingdom [10]. In the United States, *S. flexneri* has been reported to be the most common serotype of *S. flexneri* isolated from children with acute colitis [11].

There is a paucity of data on the epidemiology of *S. flexneri* in the United Kingdom. In the 1980s, *S. flexneri* was the most commonly isolated serotype of *S. flexneri* from patients with acute colitis in the United Kingdom [12]. In the 1990s, *S. flexneri* was the most commonly isolated serotype of *S. flexneri* from patients with acute colitis in the United Kingdom [13].

The purpose of this study was to determine the prevalence of *S. flexneri* in the United Kingdom. The study was designed to determine the prevalence of *S. flexneri* in the United Kingdom. The study was designed to determine the prevalence of *S. flexneri* in the United Kingdom.

The study was designed to determine the prevalence of *S. flexneri* in the United Kingdom. The study was designed to determine the prevalence of *S. flexneri* in the United Kingdom. The study was designed to determine the prevalence of *S. flexneri* in the United Kingdom.
