Conversation with Sr. Helen Prejean

DePaul University Library Special Collections and Archives is honored to care for Sister Helen Prejean’s archival collection and to make materials available for teaching, learning, engagement, and reflection. Join us for a conversation with Sister Helen Prejean and learn more about sources which provide a unique and intimate perspective on the death penalty and intersecting social justice issues.

In preparation for this event, we strongly encourage reviewing the selection of archival materials available online at spca.depaul.press/prejean to be ready to fully engage.
